

ELD ARENA MAINTENANCE VISITS

During research tours of the UK and Europe, it was highlighted how important regular Arena Maintenance is for the longevity of both your Arena Surface and the Arena as a whole. The expected 'surface life' of an arena is generally between 5 and 7 years (dependent on use). In order to prolong this lifespan, daily maintenance is undertaken to ensure the surface is kept in the best possible condition. ELD has, for many years, educated customers on the importance of regular maintenance. This was highlighted during visits throughout Europe, visiting a large range of Arena builders, owners, riders and staff at establishments – from Olympic Medallists in all disciplines to Studs and pleasure riding facilities. Daily maintenance is of the upmost importance on an arena which receives a high level of traffic. A minimum of once a week is suggested for those receiving smaller levels of traffic.

To assist with the Maintenance of your Arena, ELD offer Arena Maintenance Visits: Our professional staff can attend to your arena for regular maintenance visits using our specialist laser-guided equipment. This service along with the ELD Arena Spread-a-bar, ELD Dust Suppressant and ELD Arena Gel will ensure you have a variety of options available for the upkeep of your arena. When booking your ELD Arena Maintenance visit please take into consideration a possible 4 - 6 week lead time.

A FEW NOTES PRIOR TO YOUR VISIT:

- If you could please ensure the arena is free of any weeds/grass prior to the visit – the Laser Plane is not able to work on surfaces that are overgrown or have roots in the surface.
Pulling weeds will also risk damage to your sub-structure so spraying prior to ensure the weeds/grass have died and are easily removed is essential.
- Fixed Prices* - Price per arena (SE QLD areas only - Travel Fees may apply):
20m x 40m \$495 + GST
20m x 60m \$595 + GST
30m x 70m \$695 + GST
40m x 80m \$895 + GST
- Custom sized arenas will be charged at Hourly hire rates of \$180/hr + GST, Travel Charged at \$180/hr + GST (Travel is charged from Depot to site and return). Minimum 3 Hour Charge applies.
- As a guide a well maintained arena will generally take 2 – 3 hours. Arenas which have not been well maintained or never had a maintenance visit can expect to take up to 5 hours or more.
- An invoice will be emailed/posted through upon completion. All ELD Accounts are strictly Nett 7 days. Payment can be made via cheque, direct deposit or credit card.

We can also send a reminder notice to you when your arena maintenance visit is due. This is calculated on the amount of traffic your arena receives and could be every 3, 6 or 12 months.

Please take the time to read the ELD Arena Maintenance Tips flyer to ensure you are doing your best to keep your Arena in excellent condition.

*Prices current at 01/01/2017 Subject to Change.
